June 17, 2011

Dear Parents:

With the end of yet another school year the Office of Transportation would like to inform parents of a change in transportation for the 2011-2012 school year. Beginning in September 2011, the Watervliet School District will no longer be contracting with CDTA for transportation of our students attending the Watervliet Junior/Senior High School and who live south of the Arsenal. The district will now be utilizing our own buses for these routes.

The bus route will be the same run as CDTA followed. The first stop will be at Morgan Linen in Menands and continue down route 32 and then proceed through Watervliet on 3rd Avenue. The buses will stop at all of the regular CDTA bus stops. These stops will not change from this school year.

The first bus will tentatively begin the run at Morgan Linen at 7:15 a.m. We will begin the next run at 7:25 a.m and the third run will begin at 7:35 a.m. The bus times may change after the school year begins and the drivers have time to assess the route and the number of students at each stop. The bus times for the afternoon should remain the same. All students who reside in Menands must take Bus 1 home in the afternoon.

If there are any questions concerning this change in transportation please call the Transportation Office at 629-3202.

Sincerely,

Janelle O. Yanni
Director of Transportation
Watervliet CSD
