

Hudson Valley Community College Summer Head Start Programs

HEAD START ON MATH

A program for students who want to brush up on their math skills and learn about the college and its academic support resources. Head Start on Math gives students the opportunity to work on basic math skills and get a “head start”

on preparedness for Basic Math (MATH 095) and Elementary Algebra (MATH 099). Students will be more confident navigating the campus and understanding the learning resources we offer.

Being offered online:

Head Start on Math - Pre-Algebra: June 1 - July 11

Head Start on Math -Algebra: July 12 - Aug. 22

Being offered on campus (2-week program):

Aug. 16 - 20, Monday - Friday and

Aug. 23-26, Monday - Thursday

10 a.m. - 1 p.m.

HEAD START ON WRITING

A program for students who need to brush up on their writing skills and learn about campus resources. Students will have the opportunity to work with Writing and Research Center faculty on writing skills and get a head start on being better prepared for English Composition I.

Being offered online:

July 12 - Aug. 22

Being offered on campus (2-week program):

Aug. 16-20, Monday - Friday and

Aug. 23-26, Monday - Thursday

9 a.m. - Noon

For more information, please contact Community and Professional Education at communityed@hvcc.edu or (518) 629-7339.

FOR ALL SUMMER HVCC HEAD START PROGRAMS, A CERTIFICATE OF RESIDENCE IS REQUIRED.
